Accessories:

Read these instructions carefully and retain them for future use. If this product is passed to a third party, then these instructions must be included.

CAUTION RISK OF BURNS!

- The surface marked with warning symbol will become very hot during use. Do not touch these parts until the product has cooled down.
- The iron emits steam which can cause burns: be careful not to come into contact while ironing.
- Never try to iron clothes worn on a person: the steam is very hot and could cause serious burns.
- Do not come into contact with the water that comes out of the plate as it is hot and could cause burn.

OPERATION INSTRUCTION

1.Filling Water Tank

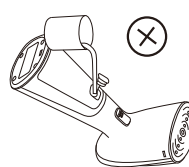

WARNING

- Remove the plug from the socket before filling the water tank. Once the water has been filled, dry the tank with a dry cloth.
- Never fill the water tank above the MAX level.
- Fill the water tank with purified water. Never add detergents, perfumers chemical additives or descalers.

(1)Open the water tank cap.

(2)Fill the tank with purified water up to the MAX level using the measuring cup supplied. Do not turn the steam iron upside down when filling water.

(3)Close the water tank cap and wipe the tank with a dry cloth.
