NOTICE:

- After turning off the power of the comb, do not touch or store the comb within 10 minutes, because even after the power is off, there will be high temperatures on the comb teeth.
- When unplugging, do not pull the power cord directly, or carry the hairbrush by pulling the power cord.

STYLE YOUR HAIR

- Basic Usage

- 1.Wash your hair and dry it, and comb your hair thoroughly. Then put a towel around your neck to prevent possible skin burns.
- 2.Divide the hair into even strands, hold and tighten. Starting from the root of the hair, place the prepared strands in the comb teeth and slowly and smoothly pull down from the root to the tip. (If the straightening effect is not satisfactory, you can repeat this step several times.)

 **Caution**

The comb staying in the same position of the hair should not exceed 5 seconds to avoid damage to the hair.

- Make Hair Inner Curls

According to the "basic usage" clip the hair from the inside and slowly slide it to the tips, then roll the tips in.(Rotate your wrist to the inside and wind it slowly, and stay for 3 seconds)

Tips: Flip your wrist from the root of the hair to the inside and slowly curl it up to the tip of the hair like a circle. ("C" shape)

- Final Hair Finishing

After the styling hair has cooled down, use a comb. You can use styling spray or styling gel.

PRODUCT PARAMETERS

Product Model NO.	HB-S100
Voltage	220V ~
Power	42W
Rated Frequency	50 Hz
Heating Method	PTC
Heating Temperature	Approx. 130°C~200°C
Product Dimensions	Approx. 310mm*46mm*45mm
Product Net Weight (With Cable)	Approx. 401g
